Part B - Commenting on the Revised Development Strategy

If you are commenting on multiple sections of the document you will need to complete a separate sheet for each representation $\frac{1}{2}$

Which part of the document are you responding to? Paragraph number / Heading / Subheading (if relevant) Map (e.g. Proposed Development Sites - District Wide) What is the nature of your representation? Please set out full details of your objection or representation of support. If objecting, please set out what changes could be made to resolve your objection (Use a separate sheet if necessary). Policy RSD4 sets out the proportion of housing to be directed towards different parts of the District. Whilst it is appropriate that the majority is directed to the urban areas, we support the recognition that a reasonable amount should be directed towards the villages. The proportion, 15% of the total, would appear to be appropriate. That level of development will ensure the villages are not swamped, but also that they are able to meet outstanding and future local needs.	Sheet of
