Dear Ms. Darke,

Travellers sites

We note from your letter that landowners and farmers were invited to attend a meeting on the 14<sup>th</sup> May to discuss the possible location of travellers sites. We sense that a site or sites in this parish are likely to be set out in the Local Plan to be published in June.

We must object to the fact Bishop's Tachbrook, like other parishes in this area were not invited; and that our efforts to be engaged were rejected by officers. Our erstwhile efforts in preparing a Neighbourhood Plan could be undermined by such actions.

Our residents expect parish councillors to be up to speed on matters like this which could have a major impact on this community. But we have been shut out of the process.

We are of the view that the search for possible sites should be District wide. This is important given that the preference, which we would support, is for many small sites capable of providing 2/3 pitches each. Can you please reassure us that before any decisions are made about what will be included in the next consultation round, Parish & Town Councils are included

in the discussions. We see this as essential if the spirit of the Localities Act is to be met.
