Criteria by which Gypsy and Traveller's sites will be judged for suitability and sustainability by Warwick District Council:

- Convenient access to a GP surgery, school and public transport;
- Avoiding areas with a high risk of flooding;
- Safe access to the road network and provision for parking, turning and servicing on site;
- Provision of utilities (running water, toilet facilities waste disposal etc);
- Avoiding areas where there could be an adverse impact on important features of the natural and historic environment; and,
- Sites which can be integrated into the landscape without harming the character of the area.
- Promotes peaceful and integrated co-existence between the site and the local community;
- Avoids placing undue pressure on local infrastructure and services;
- Reflects the extent to which traditional lifestyles (whereby some travellers live and work from the same location thereby omitting many travel to work journeys) can contribute to sustainability.

IT IS IMPORTANT to comment/object adhering to the above criteria and the council provided form follows that process. It is implied that you should use the WDC form or the response form available online. I OBJECT

Please set out full details of your objection or representation of support with reference to the criteria as outlined by the council.

I have lived near this Proposed site for 16 years. There are no Public amenities, that serve this area. Long journeys to nearest G.P. surgery, NO. public transport, NO pavements to walk anywhere. Schools are only reachable via car journey, onto a very busy commuted Route. The Fosseway is a very dangerous Road and has claimed many lives in the last 30 years. This is a very Rural community that is soon to be devastated by HS2, several Businesses will struggle with these controversial Changes, businesses that have spent many years building Reputations based on their ~~location~~ Rural location. Within a very Rural community.

to the proposals on the following grounds -

AGRICULTURE: This area is predominantly a farming community.

There is no immediate access to healthcare or education.

There is no access to public transport

There are no shops

Tourism plays a large part in the local economy in which local business play a large part in promoting e.g. Holiday cottages, traditional Rural ~~cafes~~ eateries, idyllic Rural walks, canal cruises, wildlife, Local History, and a very healthy and growing Exhibition Centre. It's always been this way, and this is how it should remain!!
