The policy in the Draft Local Plan will list the criteria by which Gypsy and Traveller sites will be judged for suitability and sustainability. These are the criteria:

- Convenient access to a GP surgery, school and public transport;
- Avoiding areas with a high risk of flooding;
- Safe access to the road network and provision for parking, turning and servicing on site;
- Avoiding areas where there is the potential for noise and other disturbance;
- Provision of utilities (running water, toilet facilities, waste disposal, etc);
- Avoiding areas where there could be adverse impact on important features of the natural and historic environment; and,
- Sites which can be integrated into the landscape without harming the character of the area.
- Promotes peaceful and integrated co-existence between the site and the local community;
- Avoids placing undue pressure on local infrastructure and services;
- Reflects the extent to which traditional lifestyles (whereby some travellers live and work from the same location thereby omitting many travel to work journeys) can contribute to sustainability.

Please give your views about site suitability below with reference to this list of criteria.

Part B - Commenting on the Gypsy and Traveller Site Options

If you are commenting on multiple sites you will need to complete a separate sheet for each representation

The policy in the Draft Local Plan will set the criteria by which Gypsy and Traveller sites will be judged for suitability and sustainability. These are the criteria:

- Convenient access to a GP surgery, school and public transport
- Avoiding areas with a high risk of flooding
- Safe access to the road network and facilities for parking, turning and servicing on site
- Avoiding areas where there is the potential for noise and other disturbances
- Provision of utilities (raining water, hot water, electricity, gas, etc)
- Avoiding areas where there could be adverse impact on important features of the natural and historic environment, and
- Sites which can be integrated into the landscape without harming the character of the area
- Promotes benefits and integrated development between the site and the local community
- Avoids placing undue pressure on local resources and services
- Reflects the extent to which additional facilities (whereby some travellers live and work from the same location thereby limiting many travel to work journeys) can contribute to sustainability

Please give your views about site suitability below with reference to the list of criteria.

Which site are you commenting on?

or GTP1 - London to the Colne Centre site (GTP)

What are your views on the representation?

Please give your views on the representation below with reference to the list of criteria.

Do you have any other suggestions for land within this district that you think would be suitable for use as a Gypsy and Traveller site, bearing in mind the criteria for site identification? If so, please give the location and the land owner's details below:

I object to the proposed Traveller site at Baginton –site reference GT - 07 for the following reasons :-

- 1/ This would result in the destruction of 4 local, viable businesses - namely Smiths Nurseries, Roswood Farm, Oak Farm and the Baginton Oak Public House [this latter would suffer in the same manner as did the Bull and Butcher on the Oxford Road]. These businesses provide a service beyond just the local community.
- 2/ It would put people out of work and be of no benefit to this community, all for the sake of people who have nothing to offer.
- 3/ It is Green belt land and the proposal is in contravention of the directives as to sighting.
- 4/ There are already 3 other sites locally, which is far from helpful to the whole area.
- 5/ There are alternative sites to the South of Warwick District which are more suitable for this purpose.
