Dear Sir,

My wife and i object to the proposed Gylroy & Travellers site, GTOS Land at Tachbrook Hill Farm. It would spoil the landscape and harm the character of the area, we also think Oakley Wood could suffer damage from the site being very close.

As we live on the edge of Bishops Tachbrook, we would feel unsafe having the site just a field away. Also, with the other proposed sites, Bishops Tachbrook would be surrounded by Gylroy sites which would have an adverse effect on the area.

Yours sincerely
