Part B - Commenting on the Gypsy and Traveller Site Options

If you are commenting on multiple sites you will need to complete a separate sheet for each representation

The policy in the Draft Local Plan will list the criteria by which Gypsy and Traveller sites will be judged for suitability and sustainability. These are the criteria:

- Convenient access to a GP surgery, school and public transport;
- Avoiding areas with a high risk of flooding;
- Safe access to the road network and provision for parking, turning and servicing on site;
- Avoiding areas where there is the potential for noise and other disturbance;
- Provision of utilities (running water, toilet facilities, waste disposal, etc);
- Avoiding areas where there could be adverse impact on important features of the natural and historic environment; and,
- Sites which can be integrated into the landscape without harming the character of the area.
- Promotes peaceful and integrated co-existence between the site and the local community;
- Avoids placing undue pressure on local infrastructure and services;
- Reflects the extent to which traditional lifestyles (whereby some travellers live and work from the same location thereby omitting many travel to work journeys) can contribute to sustainability.

Please give your views about site suitability below with reference to this list of criteria.

Comment

Please set out full details of your objection or representation of support with reference to the criteria above.

Like most proposed sites in the rural areas, this site fails to meet several of the Council's criteria. There is no doctors' surgery in Barford, nor a secondary school. The primary school is full. Public transport is poor with no evening services after 7 p.m. except on Fridays & Saturdays. Access to the site would be off a busy 60 m.p.h. road and this would need to be crossed for those on the site to access village services. Noise from the road would disturb the site.

Sites should be located in or immediately adjacent to urban areas, which would be more likely to meet the Council's criteria.
