Ethnic Origin		
Age		
Where did you hear about this consultation e.g. radio, newspaper, word of mouth, exhibitions, bin hanger?	EXHIBITIONS, BIN HANGER	

Part B - Commenting on the Gypsy and Traveller Site Options

If you are commenting on multiple sites you will need to complete a separate sheet for each representation

Sheet of

The policy in the Draft Local Plan will list the criteria by which Gypsy and Traveller sites will be judged for suitability and sustainability. These are the criteria:

- Convenient access to a GP surgery, school and public transport;
- Avoiding areas with a high risk of flooding;
- Safe access to the road network and provision for parking, turning and servicing on site;
- Avoiding areas where there is the potential for noise and other disturbance;
- Provision of utilities (running water, toilet facilities, waste disposal, etc);
- Avoiding areas where there could be adverse impact on important features of the natural and historic environment; and,
- Sites which can be integrated into the landscape without harming the character of the area.
- Promotes peaceful and integrated co-existence between the site and the local community;
- Avoids placing undue pressure on local infrastructure and services;
- Reflects the extent to which traditional lifestyles (whereby some travellers live and work from the same location thereby omitting many travel to work journeys) can contribute to sustainability.

Please give your views about site suitability below with reference to this list of criteria.

Which site are you responding to?

(e.g. GT01 - Land adj. to the Cobalt Centre, Siskin Drive)

What is the nature of your representation?

Support

Object

Comment

Please set out full details of your objection or representation of support with reference to the criteria above.

- SITE 16 + SITE 12 are on the outskirts of Baxford, which does not have a doctor's surgery, poor transport links and very little work availability. The criteria for a site is that these are available.
- There is a high risk of flooding in the area.
- The criteria states that utilities could be easily accessible. Major infrastructure would be needed in order to service these sites.
- The access from the proposed sites 16 and 12 are

Part B - Commenting on the Gypsy and Traveller Site Options

If you are commenting on multiple sites you will need to complete a separate sheet for each representation

Sheet of

Do you have any other suggestions for land within this district that you think would be suitable for use as a Gypsy and Traveller site, bearing in mind the criteria for site identification? If so, please give the location and the land owner's details below:

highly dangerous, as the road to the site would go straight onto a fast moving by-pass, where the speed limit is 50 mph. There is no reason for any vehicle not to travel at any speed less than the limit. Extra car access would add danger to the road and there is no provision for pedestrians, unless major engineering works are undertaken.

- The local school is highly successful and full. The introduction of an unknown number of extra pupils would place enormous strain on the planning process of the school.
- It is a village of natural beauty with fine and diverse architecture. By placing mobile homes and caravans in the area would completely destroy what has been constructed over many hundred of years. These sites would not blend in especially as they are often unkept.
- Although I find it mean to say this but a gypsy and traveller site in our community would totally ruin it. We have strived to maintain a beautiful village please allow us to keep it.
