Email address		
Would you like to be made aware of future consultations on Gypsy Traveller sites?		
About You: Gender		
Ethnic Origin		
Age		
Where did you hear about this consultation e.g. radio, newspaper, word of mouth, exhibitions, bin hanger?		

Part B - Commenting on the Gypsy and Traveller Site Options

If you are commenting on multiple sites you will need to complete a separate sheet for each representation

Sheet 1 of 4

The policy in the Draft Local Plan will list the criteria by which Gypsy and Traveller sites will be judged for suitability and sustainability. These are the criteria:

- GT20
- ✓ - Convenient access to a GP surgery, school and public transport;
 - Avoiding areas with a high risk of flooding;
 - Safe access to the road network and provision for parking, turning and servicing on site;
 - Avoiding areas where there is the potential for noise and other disturbance;
 - Provision of utilities (running water, toilet facilities, waste disposal, etc);
 - Avoiding areas where there could be adverse impact on important features of the natural and historic environment; and,
 - Sites which can be integrated into the landscape without harming the character of the area.
 - Promotes peaceful and integrated co-existence between the site and the local community;
 - ✓ - Avoids placing undue pressure on local infrastructure and services;
 - Reflects the extent to which traditional lifestyles (whereby some travellers live and work from the same location thereby omitting many travel to work journeys) can contribute to sustainability.

Please give your views about site suitability below with reference to this list of criteria.

Which site are you responding to?

(e.g. GT01 - Land adj. to the Cobalt Centre, Siskin Drive)

What is the nature of your representation?

☐ Support

☒ Object

☐ Comment

Please set out full details of your objection or representation of support with reference to the criteria above.

GT 17 Service area Southbound A46
6pckhes There is no provision for safe access. A very
noisy and dangerous situation. not suitable
for families

1. The first part of the paper is devoted to a discussion of the general principles of the theory of the structure of the atom.

2. In the second part we shall consider the question of the structure of the atom in more detail, and in particular we shall discuss the question of the structure of the atom in the case of the hydrogen atom.

3. The third part of the paper is devoted to a discussion of the question of the structure of the atom in the case of the hydrogen atom.

4. The fourth part of the paper is devoted to a discussion of the question of the structure of the atom in the case of the hydrogen atom.

GT 20 10 pitches Land at Junction 15
of the M40.

Some parts of this land
have a risk of flooding, also
a very noisy dangerous situation
not convenient for G.P. Surgery or
school, so unsuitable.
