23<sup>rd</sup> July 2013.

Dear Sir,

In response to the 'DRAFT GYPSY & TRAVELLERS SITE OPTIONS' that WARWICK DISTRICT COUNCIL are proposing I object strongly to the sites selected close to the boundaries of BISHOPS TACHBROOK.

As a resident of Bishops Tachbrook since 1979 these proposals would present many problems in the future.

The local school is already running at capacity levels and more pressures in numbers would only create problems. The current local traffic at peak periods is already a problem especially accessing the BANBURY ROAD and OAKLYWOOD ROAD.

I have witnessed myself the terrible upheaval and disgusting mess these TRAVELLERS and GYPSIES leave behind when they finally decide to move on.

Case in question, the access road to TRIDENT COURSE and the roads behind the trading units off TACHBROOK PARK DRIVE, also the playing fields off Harbury Lane.

I do understand there is a problem that needs to be solved, but think the biggest problem is the attitude of the TRAVELLERS and GYPSIES themselves. They seem to demand everything, yet live their way of life outside the laws, that we the majority have to abide by.

The latest development locally is, I now see a number of caravans and vehicles have occupied land on RED HOUSE FARM off HAREWAY LANE.

Is this another confrontation and drain on our local resources.?

I rest my case.
