Proposed Sites for Gypsies and Travellers

Dear Sirs

I strongly object to the proposed site GT03 Land at Barnwell Farm for Gypsies and Travellers because

1. The nearest doctor's surgery has no capacity for the influx of new patients.
2. The nearest primary, junior and secondary schools are already at capacity.
3. The site is on a High Risk travel route with more than 12 serious accidents in last 3 years.
4. No bus stop is available on the Fosse Way and providing one would be unsafe for road users.
5. The Fosse Way is already busy and dangerous, with speeding traffic, especially from increased Jaguar/Land Rover traffic.
6. There is no path or pavement to walk anywhere and cycling is dangerous on such a busy commuter route.
7. Children cannot be allowed to stand on a busy road to wait for transport to school.
8. The proposed site will have a visual impact from Harbury and The Fosse Way.
9. The proposed site has no mains gas, mains sewerage or drainage.
10. It will inevitably cause damage to wildlife habitat.
11. It is a flood risk area: there is often flooding at the end of Middle Road, Harbury Lane and fields.

Please do not hesitate to contact me if you require verification of my objection.

Yours faithfully

Barbara Thistlethwaite

 Proposed Sites for Gypsies and Travellers

Dear Sirs

I strongly object to the proposed site GT04 for Gypsies and Travellers because

1. The nearest doctor's surgery has no capacity for the influx of new patients.
2. The nearest primary, junior and secondary schools are already at capacity.
3. The site is on a High Risk travel route with more than 12 serious accidents in last 3 years.
4. No bus stop is available on the Fosse Way and providing one would be unsafe for road users.
5. The Fosse Way is already busy and dangerous, with speeding traffic, especially from increased Jaguar/Land Rover traffic.
6. There is no path or pavement to walk anywhere and cycling is dangerous on such a busy commuter route.
7. Children cannot be allowed to stand on a busy road to wait for transport to school.
8. The proposed site will have a visual impact from Harbury and The Fosse Way.
9. The proposed site has no mains gas, mains sewerage or drainage.
10. It will inevitably cause damage to wildlife habitat.
11. It is a flood risk area: there is often flooding at the end of Middle Road, Harbury Lane and fields.
