

Development Policy Manager.

We are writing to object to the proposed Gypsy/Travelers Sites in Baginton (ref G101 & G107) we think the proposals are inappropriate to say the least, and to take land from a much respected family business is outrageous. We have no doctors, school hospitals etc and from what we hear we won't have a shop and will be a pub short as well. There are other more suitable sites that have more facilities. Why would you propose to put such people in a small pleasant community, their children and animals run wild, why are you trying to take the soul of Baginton.
