Part B - Commenting on the Gypsy and Traveller Site Options

If you are commenting on multiple sites you will need to complete a separate sheet for each representation

Sheet ONE of TWO

The policy in the Draft Local Plan will list the criteria by which Gypsy and Traveller sites will be judged for suitability and sustainability. These are the criteria:

- Convenient access to a GP surgery, school and public transport;
- Avoiding areas with a high risk of flooding;
- Safe access to the road network and provision for parking, turning and servicing on site;
- Avoiding areas where there is the potential for noise and other disturbance;
- Provision of utilities (running water, toilet facilities, waste disposal, etc);
- Avoiding areas where there could be adverse impact on important features of the natural and historic environment; and,
- Sites which can be integrated into the landscape without harming the character of the area.
- Promotes peaceful and integrated co-existence between the site and the local community;
- Avoids placing undue pressure on local infrastructure and services;
- Reflects the extent to which traditional lifestyles (whereby some travellers live and work from the same location thereby omitting many travel to work journeys) can contribute to sustainability.

Please give your views about site suitability below with reference to this list of criteria.

Comment

Please set out full details of your objection or representation of support with reference to the criteria above.

This suggested location is barely three miles from a gypsy/traveller site at Black Hill for which Stratford District Council recently gave planning permission.

Proximity to a very busy junction could add to existing dangers.

The land borders Watery Lane, the name of which highlights the frequency of flooding.

Part B - Commenting on the Gypsy and Traveller Site Options

If you are commenting on multiple sites you will need to complete a separate sheet for each representation

Sheet TWO of TWO

Do you have any other suggestions for land within this district that you think would be suitable for use as a Gypsy and Traveller site, bearing in mind the criteria for site identification? If so, please give the location and the land owner's details below:

The area west of Watery Lane straddles a public bridle path, a farm-access track and access to Hooknell Cottage/Ardenhill Cottage which operates a kennels business. The presence of a gypsy/traveller site in the immediate vicinity may impact the farm and kennels businesses and compromise the use of the public right of way.

All this land is in the Green Belt and is productive farmland, the loss of any part of which could adversely affect the livelihood of one of the farmers who currently work it.

The site is of very limited width immediately beside the road.

It would constitute a ribbon development on the edge of the village intruding into Green-Belt, agricultural land. The site is overlooked by dwellings in the elevated development of Hawkes Hill Close.
