Gypsy and Traveller Site Options Response Form 2013

For Official Use Only
Ref: 8689.
Rep. Ref.

Please use this form if you wish to comment on the Gypsy and Traveller Site Options.

If you are commenting on multiple sites you will need to complete a separate copy of Part B of this form for each representation.

This form may be photocopied or, alternatively, extra forms can be obtained from the Council's offices or places where the consultation documents have been made available (see back page). You can also respond online using the LDF Consultation System, visit: www.warwickdc.gov.uk/newlocalplan

Part A - Personal Details

	1. Personal Details	2. Agent's Details (if applicable)
Title	MISS	
First Name	KATIE	
Last Name	CHRISTOU	
Job Title (where relevant)		
Organisation (where relevant)		
Address Line 1		
Address Line 2		
Address Line 3		
Address Line 4		
Postcode		
Telephone number		
Email address		
Would you like to be made aware of future consultations on Gypsy Traveller sites?		No
About You: Gender		
Ethnic Origin		
Age		4
Where did you hear about this consultation e.g. radio, newspaper, word of mouth, exhibitions, bin hanger?	LOCAL MEETING	

Part B - Commenting on the Gypsy and Traveller Site Options

If you are commenting on multiple sites you will need to complete a separate sheet for each representation

Sheet of

The policy in the Draft Local Plan will list the criteria by which Gypsy and Traveller sites will be judged for suitability and sustainability. These are the criteria:

- Convenient access to a GP surgery, school and public transport;
- Avoiding areas with a high risk of flooding;
- Safe access to the road network and provision for parking, turning and servicing on site;
- Avoiding areas where there is the potential for noise and other disturbance;
- Provision of utilities (running water, toilet facilities, waste disposal, etc);
- Avoiding areas where there could be adverse impact on important features of the natural and historic environment; and,
- Sites which can be integrated into the landscape without harming the character of the area.
- Promotes peaceful and integrated co-existence between the site and the local community;
- Avoids placing undue pressure on local infrastructure and services;
- Reflects the extent to which traditional lifestyles (whereby some travellers live and work from the same location thereby omitting many travel to work journeys) can contribute to sustainability.

Please give your views about site suitability below with reference to this list of criteria.

Which site are you responding to?

(e.g. GT01 - Land adj. to the Cobalt Centre, Siskin Drive)

What is the nature of your representation?

Support

Object

Comment

Please set out full details of your objection or representation of support with reference to the criteria above.

Development would have a material negative impact on the capacity of Barford St Peter's School, especially given the village's status as a 'Secondary Service Village' and it's likely requirement to provide 70-90 new dwellings during the Plan period.

This site would not allow peaceful and integrated co-existence with the local community.

Vehicular access to this site is from an already heavily utilized road network. Access and egress to and from this site to the highway network would not be safe. Yet access to the site via path or cycle route or bus to schools, doctors surgeries etc is limited and would rely on the car. Loss of farmland.

For Official Use Only

Part B - Commenting on the Gypsy and Traveller Site Options

If you are commenting on multiple sites you will need to complete a separate sheet for each representation

Sheet of

The policy in the Draft Local Plan will list the criteria by which Gypsy and Traveller sites will be judged for suitability and sustainability. These are the criteria:

- Convenient access to a GP surgery, school and public transport;
- Avoiding areas with a high risk of flooding;
- Safe access to the road network and provision for parking, turning and servicing on site;
- Avoiding areas where there is the potential for noise and other disturbance;
- Provision of utilities (running water, toilet facilities, waste disposal, etc);
- Avoiding areas where there could be adverse impact on important features of the natural and historic environment; and,
- Sites which can be integrated into the landscape without harming the character of the area.
- Promotes peaceful and integrated co-existence between the site and the local community;
- Avoids placing undue pressure on local infrastructure and services;
- Reflects the extent to which traditional lifestyles (whereby some travellers live and work from the same location thereby omitting many travel to work journeys) can contribute to sustainability.

Please give your views about site suitability below with reference to this list of criteria.

Which site are you responding to?

(e.g. GT01 - Land adj. to the Cobalt Centre, Siskin Drive)

What is the nature of your representation?

Support

Object

Comment

Please set out full details of your objection or representation of support with reference to the criteria above.

Vehicular access is from an already heavily utilised road network, and is not sustainable in terms of multimodal accessibility. Insufficient paths or bike routes which puts more strain on the road network.

Rep. Ref.

It is the duty of the Gypsies and Travellers Board to ensure that the provisions of this Act are fully and effectively implemented.

Section 1

The Gypsies and Travellers Board shall be established as a body corporate with legal personality, separate from the Government of Wales.

The Board shall have the following functions:

(a) to advise the Government of Wales on matters relating to the Gypsies and Travellers;

(b) to monitor and report on the implementation of the Gypsies and Travellers Act 2005;

(c) to coordinate the activities of the Gypsies and Travellers Board members;

(d) to promote the interests of the Gypsies and Travellers;

(e) to ensure that the Gypsies and Travellers Board members are properly represented and that the Board is properly managed.

The Board shall have the following powers:

(a) to enter into contracts with other bodies;

(b) to acquire and dispose of land;

(c) to borrow money and to charge its assets to secure the repayment of any such money;

(d) to do anything that is necessary or expedient for the purposes of the Gypsies and Travellers Act 2005.

Part 3 - Gypsies and Travellers

Section 2
The Gypsies and Travellers Board shall have the following functions:
(a) to advise the Government of Wales on matters relating to the Gypsies and Travellers;
(b) to monitor and report on the implementation of the Gypsies and Travellers Act 2005;
(c) to coordinate the activities of the Gypsies and Travellers Board members;
(d) to promote the interests of the Gypsies and Travellers;
(e) to ensure that the Gypsies and Travellers Board members are properly represented and that the Board is properly managed.

This is the site of the flood compensation area from the Barford bypass build and contains a permanent central pond and is unsuitable for any form of development. Also identified by the Environment Agency as having significant flood risk.

Residents have reported sightings of water voles which are a legally protected species.

Insufficient pedestrian crossing for safe access to the village over the busy A429 trunk road with inadequate access

This site is adjacent to historic landfills which may release greenhouse gases dangerous to a permanent site.

Road access is already heavily utilized and will put greater pressure on the network. Poor pedestrian access and no bike lanes.

THE UNIVERSITY OF CHICAGO

PHYSICS DEPARTMENT

PHYS 433

PROBLEM SET 1

Due: Monday, September 10, 2012

1. (10 points)

A particle of mass m moves in a potential $V(x) = \frac{1}{2}kx^2$.

(a) Find the energy levels E_n for $n = 0, 1, 2, 3$.

(b) Find the wave functions $\psi_n(x)$ for $n = 0, 1, 2, 3$.

(c) Calculate the expectation value $\langle x \rangle$ for the state $n=1$.

(d) Calculate the expectation value $\langle x^2 \rangle$ for the state $n=1$.

(e) Calculate the expectation value $\langle p \rangle$ for the state $n=1$.

(f) Calculate the expectation value $\langle p^2 \rangle$ for the state $n=1$.

(g) Calculate the expectation value $\langle x^4 \rangle$ for the state $n=1$.

(h) Calculate the expectation value $\langle x^6 \rangle$ for the state $n=1$.

Handwritten student work for the problem set, including calculations and diagrams.

Part B - Commenting on the Gypsy and Traveller Site Options

If you are commenting on multiple sites you will need to complete a separate sheet for each representation

Sheet 11 of 11

Do you have any other suggestions for land within this district that you think would be suitable for use as a Gypsy and Traveller site, bearing in mind the criteria for site identification? If so, please give the location and the land owner's details below:

Only 3 sites of those listed are potentially suitable ie sites 15, 17 and 18. Even these have transport/access issues.

By definition the remaining sites are not deliverable.

WDC should have identified brown field sites within the existing urban areas of Kenilworth, Warwick & Leamington for Gypsies & Travellers rather than concentrating the density of the sites to the south of the area. Perhaps the sites could be integrated within the proposed major new housing developments in Kenilworth, Warwick & Leamington. This would ensure that the sites could be properly designed in a sustainable fashion and be fully integrated into a local community which will provide facilities such as a school, doctors surgery and shops which are accessible on foot, on bike, by bus and car.

WDC should revisit its Greenbelt Policy and release sites to the north of Warwick and Leamington which would reduce the pressure to allocate land for all forms of development during the new local plan period to the south of the District.
