The policy in the Draft Local Plan will list the criteria by which Gypsy and Traveller sites will be judged for suitability and sustainability. These are the criteria:

- Convenient access to a GP surgery, school and public transport;
- Avoiding areas with a high risk of flooding;
- Safe access to the road network and provision for parking, turning and servicing on site;
- Avoiding areas where there is the potential for noise and other disturbance;
- Provision of utilities (running water, toilet facilities, waste disposal, etc);
- Avoiding areas where there could be adverse impact on important features of the natural and historic environment; and,
- Sites which can be integrated into the landscape without harming the character of the area.
- Promotes peaceful and integrated co-existence between the site and the local community;
- Avoids placing undue pressure on local infrastructure and services;
- Reflects the extent to which traditional lifestyles (whereby some travellers live and work from the same location thereby omitting many travel to work journeys) can contribute to sustainability.

Please give your views about site suitability below with reference to this list of criteria.

Do you have any other suggestions for land within this district that you think would be suitable for use as a Gypsy and Traveller site, bearing in mind the criteria for site identification? If so, please give the location and the land owner's details below:

Society - is a nonsense -

I have only been in the area for just under 2 yrs and if this area was or had been a gypsy and traveller site when I was looking to buy - I would not have put my money into a house just round the corner from it and if this goes ahead I am aware that very few people will even begin to consider buying my house in the future.

I came from down South - this is a big worry for me and have no idea of other lands to put these people. except from decent people who pay their taxes and work hard for a living
