Guidance on Making Representations

- Please use this response form as it will help the Council to keep accurate and consistent records of all the comments on the Plan, alternatively complete online at www.warwickdc.gov.uk/newlocalplan
- If you wish to make comments on more than one site, please use a separate copy of Part B of this form for each
- You may withdraw your objection at any time by writing to Warwick District Council, address below
- It is important that you include your name and address as anonymous forms cannot be accepted. If your address details change, please inform us in writing
- All forms should be received by 5.15pm on Monday 29 July 2013
- Copies of all the objections and supporting representations will be made available for others to see at the Council's offices at Riverside House and online via the Council's e-consultation system. Please note that all comments are in the public domain and the Council cannot accept confidential objections. The information will be held on a database and used to assist with the preparation of the new plan for Gypsy and Traveller sites and with consideration of planning applications in accordance with the Data Protection Act 1998
- To return this form, please drop off at one of the locations below, or post to: Development Policy Manager, Development Services, Warwick District Council, Riverside House, Milverton Hill, Leamington Spa, CV32 5QH or email: newlocalplan@warwickdc.gov.uk

Where to see copies of the Gypsy and Traveller Site Options

Copies are available for inspection on the Council's web site at www.warwickdc.gov.uk/newlocalplan and at the

Reflects the extent to which traditional lifestyles (whereby some travellers live and work from the same location thereby omitting many travel to work journeys) can contribute to sustainability. Tase give your views about site suitability below with reference to this list of criteria. Thick is the are you responding to? The comment of the comment of your representation? Support Object Comment object. Site 16 is actually the flood compensation area from the Barford bypass and contains a permanent central pond and is significantly unsuitable for any form of development. I have seen water voles on this site which are legally protected. There is no adequate access to the village except by traversing the bypass (60 mph speed limit), a heavily utilised highway, and there have already been accidents and a fatality of this stretch of road. Access and egress to and from Site 12 would evening rush-hour and the two pick-up times at the school. The site does not offer access to the village on foot or by bike via pedestrian footpaths or cycle routes or by bus. Also the capacity of Barford St. Peter's School (Barford is a Secondary Service Villager), no doctors' surgeries and a small village shop and sub-post office. Development of Site 16 would lead to an unacceptable loss of valuable farmland and rural employment, plus a dramatic adverse effect on the landscape, harming the visual amenity of the Site. This is not a location which would allow peaceful and integrated co-existence with the local community.	- A	Avoids placing und	ue pressure on l	ocal infrastructu	re and services	- 410 100	ar commonity;

HON CON CONTRACT	
this is obviction to the community at by bike, by b WDC should Learnington to	Id deliver the Gypsy & Traveller Sites within the proposed major new housing development in, Warwick and Leamington. Gypsies & Travellers are saying they want permanent homes lously where the sites should be placed where they can be fully integrated into the local and facilities such as schools, doctors' surgeries and shops are readily accessible on foot, bus and by car. This has been carried out satisfactorily at Milton Keynes. I have identified brownfield sites with the existing urban areas of Kenilworth, Warwick and for Gypsies and Travellers as these sites would be more suitable and sustainable. In sites existing, they are all being proposed for redevelopment for other uses.
