Criteria by which Gypsy and Traveller's sites will be judged for suitability and sustainability by Warwick District Council:

- Convenient access to a GP surgery, school and public transport;
- Avoiding areas with a high risk of flooding;
- Safe access to the road network and provision for parking, turning and servicing on site;
- Provision of utilities (running water, toilet facilities waste disposal etc);
- Avoiding areas where there could be an adverse impact on important features of the natural and historic environment; and,
- Sites which can be integrated into the landscape without harming the character of the area.
- Promotes peaceful and integrated co-existence between the site and the local community;
- Avoids placing undue pressure on local infrastructure and services;
- Reflects the extent to which traditional lifestyles (whereby some travellers live and work from the same location thereby omitting many travel to work journeys) can contribute to sustainability.

IT IS IMPORTANT to comment/object adhering to the above criteria and the council provided form follows that process. It is implied that you should use the WDC form or the response form available online. YOU ARE HOWEVER STILL PERMITTED to respond by writing to the Council's Development Policy Manager or you could choose to use this site specific form prepared for GT 02

Please set out full details of your objection or representation of support with reference to the criteria as outlined by the council.

I believe the proposed site is inappropriate because the rural environment would be adversely affected. The visual impact of rural Warwickshire would be spoilt as the approach to Leamington and Warwick. Local wildlife would be affected as the site is next to ancient woodland. The historical significance of the locality would be ruined i.e. next to the famous Fosse way Roman Road. The pathways locally are not sufficient to protect more pedestrians. There are no road side

Warwick District Council will judge proposed sites against the nationally accepted criteria. The purpose of the criteria is to seek to meet the requirements of the Gypsy and Travellers community not necessarily local residents, businesses and employment.

Areas of concern could include:

• Agriculture • Animal Welfare • Co-existence • Crime • Ecology and Habitat • Education/Schools • Healthcare/ Surgeries • Highways and Safety • Local Economy • Rural Landscape • Services and Utilities • Tourism • Traffic Density/ Flow • Urbanisation.

to the proposals on the following grounds -

pavements. The site itself is on a high risk travel route with many previous serious accidents. Public Transport to and from the site area is at present not existing and would be dangerous to introduce any additional provision. The local Amenities would not cope with this influx or residents the local doctors surgeries cannot take on more patients and the local primary school is full. This local area would not be able to cope.

Do you have any other suggestions for land within Warwick District that you think would be suitable for use as a Gypsy and Traveller site, bearing in mind the criteria for site identification?. If so, please give the location and the landowners details below:

Siskin Drive GTO1 would be more suitable
