Part B - Commenting on the Gypsy and Traveller Site Options

rou are commenting on multiple sites you will need to complete a separate sheet for each representation seet
e policy in the Draft Local Plan will list the criteria by which Gypsy and Traveller sites will be judged for suitability of stainability. These are the criteria: Convenient access to a GP surgery, school and public transport; Avoiding areas with a high risk of flooding; Safe access to the road network and provision for parking, turning and servicing on site; Avoiding areas where there is the potential for noise and other disturbance; Provision of utilities (running water, toilet facilities, waste disposal, etc); Avoiding areas where there could be adverse impact on important features of the natural and historic environment; and, Sites which can be integrated into the landscape without harming the character of the area. Promotes peaceful and integrated co-existence between the site and the local community; Avoids placing undue pressure on local infrastructure and services; Reflects the extent to which traditional lifestyles (whereby some travellers live and work from the same location thereby omitting many travel to work journeys) can contribute to sustainability. Rease give your views about site suitability below with reference to this list of criteria. Which site are you responding to? Reg. GTO1 - Land adj. to the Cobalt Centre, Siskin Drive) What is the nature of your representation? Support Support with reference to the criteria above.

Are you responding as a:

Local resident **Local Business** Local Councillor Representative of a local organisation

Please do not provide additional personal information.

Any information provided will only be used in connection with this consultation. We will not collect or store personal information. Copies of each comments form will be concluded in an Appendix which will form part of our report to the District.

Barford Residents Association Community Consultation

Warwick District Council is currently consulting local people on sites suitable to accommodate the permanent residential needs of the Gypsy and Traveller Community and Travelling Show People. This consultation, which is running alongside that for the Local Plan, closes on 29th July 2013.

A study for the Council was undertaken by Salford University and identified a requirement for 31 permanent pitches to be provided in the District over a 15 year period, of which 25 should be provided within the first 5 years. In addition there is a need for a 12 pitch transit site.

Using a series of criteria, the Council have identified 20 sites and/or areas of search, which are shown on the map below.

11 sites and/or areas of search are within 3 miles of Barford.

We would like to know what you think about these proposals. The consultation document, which sets out the criteria and the site boundaries, can be viewed on the Council's website www.warwickdc.gov.uk. Paper copies will also be available at Barford St Peter's School Fete on Saturday, 6th July 2013.

The Barford Residents association are planning to put together a response on behalf of local people. To do this, we need to know what you think. Please share your thoughts and views with us on the comments form on the rear of this leaflet and drop it into one of our special collection points located at the Barford Village Shop.

We will then identify the issues raised and compile these into a report which we will send to the District Council in response to the consultation. We recognise that not everyone in the village will 'share the same views' and it is important that we provide a balanced and representative response. Please let us have your views no later than Friday 19th July 2013.

Comments

Your comments are important to us. We recognise that not everyone will share the same views. It is important that we are able to provide a balanced and representative response on behalf of residents. Please let us know what you think in the box overleaf.

Part B - Commenting on the Gypsy and Traveller Site Options

o you have any othe	r suggestions for land	within this district tha	t you think would be suitable for use as a Gypsy a
			so, please give the location and the land owner's
