**Criteria by which Gypsy and Traveller's sites will be judged for suitability and sustainability by Warwick District Council:**

- Convenient access to a GP surgery, school and public transport;
- Avoiding areas with a high risk of flooding;
- Safe access to the road network and provision for parking, turning and servicing on site;
- Provision of utilities (running water, toilet facilities waste disposal etc);
- Avoiding areas where there could be an adverse impact on important features of the natural and historic environment; and,
- Sites which can be integrated into the landscape without harming the character of the area.
- Promotes peaceful and integrated co-existence between the site and the local community;
- Avoids placing undue pressure on local infrastructure and services;
- Reflects the extent to which traditional lifestyles (whereby some travellers live and work from the same location thereby omitting many travel to work journeys) can contribute to sustainability.

Please set out full details of your objection or representation of support with reference to the criteria as outlined by the council.

1 Nearest doctors surgery 5 miles away & possibly no capacity for too many new patients.

2 Village school again probably insufficient capacity for large influx of new pupils.

3 Warwickshire Exhibition Centre provides work & a showcase for numerous exhibitions, closure would impact heavily on local economy.

Warwick District Council will judge proposed sites against the nationally accepted criteria. The purpose of the criteria is to seek to meet the requirements of the Gypsy and Travellers community not necessarily local residents, businesses and employment.

Areas of concern could include:

• Agriculture • Animal Welfare • Co-existence • Crime • Ecology and Habitat • Education/Schools • Healthcare/Surgeries • Highways and Safety • Local Economy • Rural Landscape • Services and Utilities • Tourism • Traffic Density/Flow • Urbanisation.

to the proposals on the following grounds -

Having seen the amount of litter left after travellers have left a site, no attempt had been made to remove anything - household waste, furniture, old bikes etc. The rural landscape at ~~the~~ one entrance to Leamington would be an eyesore, if a permanent site ~~was~~ was allowed here.

All local amenities would be stretched to breaking point.

The Fosse Way is an ancient Roman road used by tourists travelling to the West Country & this site is adjacent to the Fosse Way, which has a high incidence of accidents additional traffic would increase this risk.
