Dear Sirs/Madam.

REF. P.T-07 SMITHS

NURSERIES.

Once again at
82 years of age we are
finding ourselves writing letters of
objections with regard to the
above mentioned Planning application
Gypsy/Traveller site in Baginbun.

My husband ~~I~~ bought our
piece of land and built our
house on it and still live in it
50 years ago, we knew
the airport was there, over

2.

over those years we have had listed on the attached sheet 9 MAJOR APPLICATIONS with regard to Baginbore. I won't go into detail as you will see by the attached sheet, which we hope will be shown to the Planning and Councillors meeting.

There is already a site in Coventry, and one at Ryton, Sunley we have had sufficient upsets in our village.

We still have two on going projects, namely the school for the Brethren, and The Gateway which is outrageous for to large for our village

We object most vehemently to the Latest Planning

3.

Proposals for a Permanent Site for Gypsy/Travellers and Gateway Projects.

From the English Dictionary the definition of Traveller is to be on the move, not to be on a permanent site.

We hope the council will take this latest PROPOSAL very seriously and refuse

the application as it will cause very serious problems in our village. How much more??
leave Baginbun alone,
Yours faithfully
