- A camp of this nature should not be allowed as it would be sited in an area of 'no public transport' along that section of the Fosse Way.
- The site would be situated off a road that has sustained a 'high' casualty rate over the years and would exacerbated by the frequency of vehicles going onto or leaving the site.
- There is little work opportunities appertaining to their life style being mainly casual in nature.

d) absence of schools with capacity to absorb extra pupils locally
