Object

Please set out full details of your objection or representation of support. If objecting, please set out what changes could be made to resolve your objection (Use a separate sheet if necessary).

## Station Approach

Currently this space north of L'ton Station, is operated as a commercial car park. This is well used 24/7 showing the need for parking space for train users. (The L'ton station's own car park is totally inadequate.)

If this space is used for housing, the users of the car park will either revert to using car (environmentally unfriendly) or park in local roads. The nearest WDC car park, (St. Peter) is not open 24/7 and is some distance from the station itself.
