Object

Please set out full details of your objection or representation of support. If objecting, please set out what changes could be made to resolve your objection (Use a separate sheet if necessary).

[Faint handwritten text is visible in this section, but it is illegible.]

To whom it may concern.

DO NOT BUILD ON THE GREEN BELT AROUND HAMPTON MAGNA.

These are the following points I would like to make, with regards to the above.

There is no more room for extra traffic, the roads are too narrow. When the school is out, cars are parked all over the village, on the pavements and grass verges, you literally take your life in your hands, to be out at that time of day.

We are already blighted by noise from the A 46 plus noise from the M 40. There are only a couple of ways to get into the village the traffic that goes out under the railway bridge is one way only, at rush hour cars will be backed up through Hampton on the hill! Can you imagine the mayhem.

Hundreds of "L" drivers practice through the village, starting at early AM until dusk. Another accident waiting to happen. Train passengers park in dangerous places on corners on the bus route.

The school cannot take 25% more children if 150 homes are to be built in the area.

As for the total area, of course we have more infrastructure, we have already 600 plus houses.

Why is all this building being done in the South of Warwickshire? and very little to the northern area.

C. Davies.
