Object

Please set out full details of your objection or representation of support. If objecting, please set out what changes could be made to resolve your objection (Use a separate sheet if necessary).

The scale of development is inappropriate in relation to the existing village population, contrary to the plan services in the village are fully utilised and do not need further "sustaining" through population growth. The school is expanding but this is needed to resolve current stretched classrooms numbers. The train station and its facilities are fully utilised. Existing infrastructure capacity should not be stretched further.

Another large influx of families will create more traffic congestion particularly given the single file traffic light controlled road under the bridge being main access to/from the village. There will be more dangers with traffic volumes through the village day to day and more rat running through country roads and other neighbouring villages. There will be pressure to expand, Warwick Parkway further.
