Part B - Commenting on the Revised Development Strategy

If you are commenting on multiple sections of the document you will need to complete a separate sheet for each representation

Sheet of

Which part of the document are you responding to?

All of it - Warwick in particular

Paragraph number / Heading / Subheading (if relevant)

Map (e.g. Proposed Development Sites - District Wide)

What is the nature of your representation?

Support

Object

Please set out full details of your objection or representation of support. If objecting, please set out what changes could be made to resolve your objection (Use a separate sheet if necessary).

1. Housing Numbers - The strain that the proposal for 12,000 houses would put on both local infrastructure and the towns would be intolerable
2. Traffic - In particular the proposals with regard to traffic infrastructure would be incredibly harmful to pedestrians, to the atmosphere of the historic heart of Warwick and to the historic buildings themselves.
3. The use of greenfield sites - The plan appears to be structured for the maximisation of profit for building companies, using greenfield sites rather than available brownfield sites
4. The Aon bridge in Warwick - the volume of traffic channeled over this already busy bridge is a source of great concern
5. The Quality of Life in Warwick - Warwick has improved hugely over the last 20 years. What is being proposed is the reversal of all the efforts of these years with the consequent despoliation of one of England's most beautiful towns. It is an attack on the history of our country.
