

9998

Dear Sirs,

I am writing about W.D.C. Local Plan outlines
I am not in favour with so many houses
being built. Do we need that many?

Could you please give me percentage figures
for the proposed sites e.g. Affordable houses
for first time buyers & social housing if we
have to have house built these two categories
are important.

Schools how many new schools will be
built and on which sites, because at the
moment there are not enough places in Walsham
for Walsham children

What are the provisions for healthcare, and
leisure?

Traffic congestion Have the Highways
carried out a survey.

I would appreciate an answer to the above.

Yours sincerely
