Dear Sir,

I wish to voice my strong objections to the new draft Local Plan proposing more than 12,000 houses (4,500 of them south of Warwick).

Our historic town is already blighted by traffic. The proposed development would bring traffic to a standstill/crawl and more than that would spoil the very nature of the town.

There are many sites available in the area where manufacturing industries have ceased. Surely these should be utilised rather than greenfield sites which can never be restored once development has taken place.

Tourism is a major earner for the town. If the town is spoilt more than it is already then surely this source of income will be jeopardised.

Yours faithfully
