Criteria by which Gypsy and Traveller's sites will be judged for suitability and sustainability by Warwick District Council:

- Convenient access to a GP surgery, school and public transport;
- Avoiding areas with a high risk of flooding;
- Safe access to the road network and provision for parking, turning and servicing on site;
- Provision of utilities (running water, toilet facilities waste disposal etc);
- Avoiding areas where there could be an adverse impact on important features of the natural and historic environment; and,
- Sites which can be integrated into the landscape without harming the character of the area.
- Promotes peaceful and integrated co-existence between the site and the local community;
- Avoids placing undue pressure on local infrastructure and services;
- Reflects the extent to which traditional lifestyles (whereby some travellers live and work from the same location thereby omitting many travel to work journeys) can contribute to sustainability.

Please set out full details of your objection or representation of support with reference to the criteria as outlined by the council.

- 1) The site gets waterlogged in winter/wet summers. This, coupled with their unravory behaviour on other sites, would lead to hygiene issues, mud on roads, and an unpleasant mess, without considerable expense to prevent this. Who would pay??
- 2) Safe access to road network - I don't think so! The Fosse Way and the A429 Southam/Leamington Road are busy at the quietest daytime hours.
- 3) An accident involving traffic entering the Warwick Exhibition Centre was a very good example.

Warwick District Council will judge proposed sites against the nationally accepted criteria. The purpose of the criteria is to seek to meet the requirements of the Gypsy and Travellers community not necessarily local residents, businesses and employment.

Areas of concern could include:

- Agriculture • Animal Welfare • Co-existence • Crime • Ecology and Habitat • Education/Schools • Healthcare/Surgeries • Highways and Safety • Local Economy • Rural Landscape • Services and Utilities • Tourism • Traffic Density/Flow • Urbanisation.

to the proposals on the following grounds -

- 1) These people afford the most expensive of motorhomes/4x4's/caravans. How do they afford them?
- 2) This area is a picturesque spot - a valley with surrounding hills. More urban sprawl would be ruinous.
- 3) If services such as mains drains (which should be provided) are put in, who is going to pay the enormous cost?

Do you have any other suggestions for land within Warwick District that you think would be suitable for use as a Gypsy and Traveller site, bearing in mind the criteria for site identification?. If so, please give the location and the landowners details below:

Harbury Lane - there ~~are~~ is already plenty of urbanization there, and no particular views to spoil.
