Criteria by which Gypsy and Traveller's sites will be judged for suitability and sustainability by Warwick District Council:

- Convenient access to a GP surgery, school and public transport;
- Avoiding areas with a high risk of flooding;
- Safe access to the road network and provision for parking, turning and servicing on site;
- Provision of utilities (running water, toilet facilities waste disposal etc);
- Avoiding areas where there could be an adverse impact on important features of the natural and historic environment; and,
- Sites which can be integrated into the landscape without harming the character of the area.
- Promotes peaceful and integrated co-existence between the site and the local community;
- Avoids placing undue pressure on local infrastructure and services;
- Reflects the extent to which traditional lifestyles (whereby some travellers live and work from the same location thereby omitting many travel to work journeys) can contribute to sustainability.

Please set out full details of your objection or representation of support with reference to the criteria as outlined by the council.

I object to the site GT02 on the following grounds which I believe do not meet the nationally accepted criteria.

There is a convenient access to local GP surgery school via public transport or a pathway. This is an extremely busy road, 12 major incidents occurred last year and increasing traffic with an entrance and exit would cause further problems.

The local area is one of natural beauty and historic heritage, with this site being placed on the archeological register with ancient pottery recently found.

Please continue on a separate sheet if necessary

Warwick District Council will judge proposed sites against the nationally accepted criteria. The purpose of the criteria is to seek to meet the requirements of the Gypsy and Travellers community not necessarily local residents, businesses and employment.

Areas of concern could include:

• Agriculture • Animal Welfare • Co-existence • Crime • Ecology and Habitat • Education/Schools • Healthcare/Surgeries • Highways and Safety • Local Economy • Rural Landscape • Services and Utilities • Tourism • Traffic Density/Flow • Urbanisation.

I OBJECT

to the proposals on the following grounds -

Local schools both primary and secondary are close to capacity, you would only be able to drive which would put pressure on the roads and parking would become even more of a problem than it already

is.

The impact on the view as well as jobs would be another major factor in not having this as a site.

I am totally against this site for all of the reasons I have mentioned

Please continue on a separate sheet if necessary

Do you have any other suggestions for land within Warwick District that you think would be suitable for use as a Gypsy and Traveller site, bearing in mind the criteria for site identification?. If so, please give the location and the landowners details below:
