**Criteria by which Gypsy and Traveller's sites will be judged for suitability and sustainability by Warwick District Council:**

- Convenient access to a GP surgery, school and public transport;
- Avoiding areas with a high risk of flooding;
- Safe access to the road network and provision for parking, turning and servicing on site;
- Provision of utilities (running water, toilet facilities waste disposal etc);
- Avoiding areas where there could be an adverse impact on important features of the natural and historic environment; and,
- Sites which can be integrated into the landscape without harming the character of the area.
- Promotes peaceful and integrated co-existence between the site and the local community;
- Avoids placing undue pressure on local infrastructure and services;
- Reflects the extent to which traditional lifestyles (whereby some travellers live and work from the same location thereby omitting many travel to work journeys) can contribute to sustainability.

Please set out full details of your objection or representation of support with reference to the criteria as outlined by the council.

I am concerned about the proposed erection of a site on the Warwickshire exhibition centre. This will lose jobs and lose revenue into the area, up to 2m a year. Not only this this is a beautiful area which will be ruined by erecting buildings that cannot be shielded from site.

More cars will also need to be included in to what is a dangerous piece of road already.

This site would also be built on a site which is on the archaeological register.

Access via paths and cycling would also be a major issue.

It would ruin and damage the countryside and wildlife

Please continue on a separate sheet if necessary

Warwick District Council will judge proposed sites against the nationally accepted criteria. The purpose of the criteria is to seek to meet the requirements of the Gypsy and Travellers community not necessarily local residents, businesses and employment.

Areas of concern could include:

• Agriculture • Animal Welfare • Co-existence • ~~Crime~~ Ecology and Habitat • Education/Schools • Healthcare/Surgeries • Highways and Safety • Local Economy • Rural Landscape • Services and Utilities • Tourism • Traffic Density/Flow • Urbanisation.

to the proposals on the following grounds -

It would take away local economy, the lose of jobs. The local schools are already at capacity and how would children be taken to schools, parking is already a major problem.

Taffic would increase, it is already a fast busy road with major deaths already.

To sum up it would ruin the local landscape and local economy.

Please continue on a separate sheet if necessary

Do you have any other suggestions for land within Warwick District that you think would be suitable for use as a Gypsy and Traveller site, bearing in mind the criteria for site identification?. If so, please give the location and the landowners details below:

## Guidance on Making Representations

- You may withdraw your objection at any time by writing to Warwick District Council, address below. It is important that you include your name and address as anonymous forms cannot be accepted. If your address details change, please inform WDC in writing.
- All forms should be received by **5.15 p.m. on Monday, 29 July 2013**
- Copies of all the objections and supporting representations will be made available for others to see at the council's offices at Riverside House and online via the council's e-consultation system. Please note that all comments are in the public domain and the Council cannot accept confidential objections. The information will be held on a database and used to assist with the preparation of the new plan for Gypsy and Traveller sites and with consideration of planning applications in accordance with the Data Protection Act 1998.
