Criteria by which Gypsy and Traveller's sites will be judged for suitability and sustainability by Warwick District Council:

- Convenient access to a GP surgery, school and public transport;
- Avoiding areas with a high risk of flooding;
- Safe access to the road network and provision for parking, turning and servicing on site;
- Provision of utilities (running water, toilet facilities waste disposal etc);
- Avoiding areas where there could be an adverse impact on important features of the natural and historic environment; and,
- Sites which can be integrated into the landscape without harming the character of the area.
- Promotes peaceful and integrated co-existence between the site and the local community;
- Avoids placing undue pressure on local infrastructure and services;
- Reflects the extent to which traditional lifestyles (whereby some travellers live and work from the same location thereby omitting many travel to work journeys) can contribute to sustainability.

IT IS IMPORTANT to comment/object adhering to the above criteria and the council provided form follows that process. It is implied that you should use the WDC form or the response form available online. YOU ARE HOWEVER STILL PERMITTED to respond by writing to the Council's Development Policy Manager or you could choose to use this site specific form prepared for GT 02

OBJECT

(Please delete as required.)

Please set out full details of your objection or representation of support with reference to the criteria as outlined by the council.

1. There is not adequate services at the site - water, electricity & more importantly drainage/sewage.
2. There is no "local" medical services / doctors surgery - will local ambulance services from Warwick be further burdened for 'emergencies' from the site.
3. The site will not integrate with the local countryside - and is easily visible from surrounding roads.
4. Historic woodlands are adjacent to the site and may be impacted by a large community developing in a mostly pasture and woodland agricultural area.
5. There will be no 'integrated co-existence' the site is too remote to integrate but will put additional demand on all other local community services.

Please continue on a separate sheet if necessary

Warwick District Council will judge proposed sites against the nationally accepted criteria. The purpose of the criteria is to seek to meet the requirements of the Gypsy and Travellers community not necessarily local residents, businesses and employment.

Areas of concern could include:

• Agriculture • Animal Welfare • Co-existence • ~~Crime~~ • Ecology and Habitat • Education/Schools • Healthcare/Surgeries • Highways and Safety • Local Economy • Rural Landscape • Services and Utilities • Tourism • Traffic Density/Flow • Urbanisation.

to the proposals on the following grounds -

Poor location

Burden on local ratepayer to pay for cost of developing & maintaining the site

Lack of adequate services & utilities

Burden on education/schools & healthcare

Impact on local ecology and habitat

Impact (negative) on local business including the exhibition centre. + loss of jobs.

Use of rural greenbelt land

Site is on a high risk travel route
