**Criteria by which Gypsy and Traveller's sites will be judged for suitability and sustainability by Warwick District Council:**

- Convenient access to a GP surgery, school and public transport;
- Avoiding areas with a high risk of flooding;
- Safe access to the road network and provision for parking, turning and servicing on site;
- Provision of utilities (running water, toilet facilities waste disposal etc);
- Avoiding areas where there could be an adverse impact on important features of the natural and historic environment; and,
- Sites which can be integrated into the landscape without harming the character of the area.
- Promotes peaceful and integrated co-existence between the site and the local community;
- Avoids placing undue pressure on local infrastructure and services;
- Reflects the extent to which traditional lifestyles (whereby some travellers live and work from the same location thereby omitting many travel to work journeys) can contribute to sustainability.

**IT IS IMPORTANT to comment/object adhering to the above criteria and the council provided form follows that process. It is implied that you should use the WDC form or the response form available online. YOU ARE HOWEVER STILL PERMITTED to respond by writing to the Council's Development Policy Manager or you could choose to use this site specific form prepared for GT 02**

**OBJECT** **APPROVE** (Please delete as required.)

Please set out full details of your objection or representation of support with reference to the criteria as outlined by the council.

to the proposals on the following grounds - as a regular visitor to Radford Seneca I object to GT02 because

- 1) The road on the way to the gypsy site is a high risk route with at least 12 serious accidents in the passed 3 years. Gypsies have a lot of "pony + traps" for transport + these are highly dangerous where there is motor traffic.
- 2) The proposed site would result in the closure of the Warwickshire Exhibition centre (which has already lost potential business due to the proposal of this site. This would put 40 jobs at risk + an economical impact assessment submits that the exhibition centre contributes to more than £2m to the local economy each year with knock on business at risk.
- 3) The proposed site is on the archaeological register + ancient pottery has been found. Also the land is an historic Toll site from medieval times.
- 4) The site is adjacent to protected ancient woodland + therefore there would be damage to the wildlife habitat.

Please continue on a separate sheet if necessary

Warwick District Council will judge proposed sites against the nationally accepted criteria is to seek to meet the requirements of the Gypsy and Travellers community not necessarily local residents, businesses and employment.

Areas of concern could include:

• Agriculture • Animal Welfare • Co-existence • Crime • Ecology and Habitat • Education/Schools • Healthcare/ Surgeries • Highways and Safety • Local Economy • Rural Landscape • Services and Utilities • Tourism • Traffic Density/ Flow • Urbanisation.
