Criteria by which Gypsy and Traveller's sites will be judged for suitability and sustainability by Warwick District Council:

- Convenient access to a GP surgery, school and public transport;
- Avoiding areas with a high risk of flooding;
- Safe access to the road network and provision for parking, turning and servicing on site;
- Provision of utilities (running water, toilet facilities waste disposal etc);
- Avoiding areas where there could be an adverse impact on important features of the natural and historic environment; and,
- Sites which can be integrated into the landscape without harming the character of the area.
- Promotes peaceful and integrated co-existence between the site and the local community;
- Avoids placing undue pressure on local infrastructure and services;
- Reflects the extent to which traditional lifestyles (whereby some travellers live and work from the same location thereby omitting many travel to work journeys) can contribute to sustainability.

IT IS IMPORTANT to comment/object adhering to the above criteria and the council provided form follows that process. It is implied that you should use the WDC form or the response form available online. YOU ARE HOWEVER STILL PERMITTED to respond by writing to the Council's Development Policy Manager or you could choose to use this site specific form prepared for GT 02

OBJECT

(Please delete as required.)

Please set out full details of your objection or representation of support with reference to the criteria as outlined by the council.

My objections to the proposals are in agreement with the Headings and comments made in the 'Guidance to Local Residents' leaflet comprising: Impact on local economy, Access to local amenities, Travel and Historic & Rural environment.

Additionally, I believe One reason above all others is 'Location'.

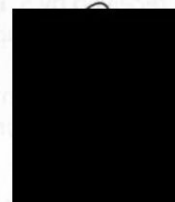

The proposed siting adjacent to the intersection of Fosse-way and the Leamington / Southam road is completely inappropriate- A 5-Star Hotel would not obtain permission to be sited here and a Traveller site is not going to win any Architectural awards, even on day-one, let alone several years down the line! And yes, even despite the woefully misrepresentative photographs of Traveller sites in the WDC Local plan brochure.

Please also do not loose site of the closing statement in item 5.2 [Policy background] -

'for local planning authorities to have due regard to the protection of local amenity and local environment.'

The Warwickshire exhibition centre is a long established, high quality and beautifully maintained centre and I find it disgusting and immoral that any Council of responsible officers could even contemplate the destruction of a successful local business, Employing local people and paying local taxes.

The need to make the provision for Travellers is accepted, but this site is not the answer.
