Criteria by which Gypsy and Traveller's sites will be judged for suitability and sustainability by Warwick District Council:

- Convenient access to a GP surgery, school and public transport;
- Avoiding areas with a high risk of flooding;
- Safe access to the road network and provision for parking, turning and servicing on site;
- Provision of utilities (running water, toilet facilities waste disposal etc);
- Avoiding areas where there could be an adverse impact on important features of the natural and historic environment; and,
- Sites which can be integrated into the landscape without harming the character of the area.
- Promotes peaceful and integrated co-existence between the site and the local community;
- Avoids placing undue pressure on local infrastructure and services;
- Reflects the extent to which traditional lifestyles (whereby some travellers live and work from the same location thereby omitting many travel to work journeys) can contribute to sustainability.

IT IS IMPORTANT to comment/object adhering to the above criteria and the council provided form follows that process. It is implied that you should use the WDC form or the response form available online. YOU ARE HOWEVER STILL PERMITTED to respond by writing to the Council's Development Policy Manager or you could choose to use this site specific form prepared for GT 02

Please set out full details of your objection or representation of support with reference to the criteria as outlined by the council.

The site is on a known "dangerous road". The road is a known area of speeding. It is not a safe place for loose dogs + small children. There are no paths. No direct public services to Doctors, Hospitals etc. There are no utilities on the site. This site can not be integrated into its surroundings. The company's opposite will suffer + may have to close down. Travellers will not want to be exposed to this amount of fast traffic. The land is of historic value + the ancient woodland would be hunted in + trees chopped etc.

Please continue on a separate sheet if necessary

Warwick District Council will judge proposed sites against the nationally accepted criteria. The purpose of the criteria is to seek to meet the requirements of the Gypsy and Travellers community not necessarily local residents, businesses and employment.

Areas of concern could include:

• Agriculture • Animal Welfare • Co-existence • Crime • Ecology and Habitat • Education/Schools • Healthcare/Surgeries • Highways and Safety • Local Economy • Rural Landscape • Services and Utilities • Tourism • Traffic Density/Flow • Urbanisation.

to the proposals on the following grounds -

Will effect the Rural landscape + its environment. ie, woodland + wildlife. There is a danger to small children/ animals etc playing and living closely to the main Rd. Children couldnt walk to the local schools or shops or dentists, Drs etc. The land is of historic value + the woodland needs preserving not destroying. If 1 stray dog runs off this site and onto the main rd then people could be involved in accidents or worse still killed. Travellers are known for their dogs running loose. This is a dangerous site

Do you have any other suggestions for land within Warwick District that you think would be suitable for use as a Gypsy and Traveller site, bearing in mind the criteria for site identification?. If so, please give the location and the landowners details below:

land which already has a footprint should be used then we are not destroying new areas. Has anyone ask the travellers where they want to go or what they think??

Guidance on Making Representations

- You may withdraw your objection at any time by writing to Warwick District Council, address below. It is important that you include your name and address as anonymous forms cannot be accepted. If your address details change, please inform WDC in writing.
- All forms should be received by **5.15 p.m. on Monday, 29 July 2013**
- Copies of all the objections and supporting representations will be made available for others to see at the council's offices at Riverside House and online via the council's e-consultation system. Please note that all comments are in the public domain and the Council cannot accept confidential objections. The information will be held on a database and used to assist with the preparation of the new plan for Gypsy and Traveller sites and with consideration of planning applications in accordance with the Data Protection Act 1998.
