Criteria by which Gypsy and Traveller's sites will be judged for suitability and sustainability by Warwick District Council:

- Convenient access to a GP surgery, school and public transport;
- Avoiding areas with a high risk of flooding;
- Safe access to the road network and provision for parking, turning and servicing on site;
- Provision of utilities (running water, toilet facilities waste disposal etc);
- Avoiding areas where there could be an adverse impact on important features of the natural and historic environment; and,
- Sites which can be integrated into the landscape without harming the character of the area.
- Promotes peaceful and integrated co-existence between the site and the local community;
- Avoids placing undue pressure on local infrastructure and services;
- Reflects the extent to which traditional lifestyles (whereby some travellers live and work from the same location thereby omitting many travel to work journeys) can contribute to sustainability.

IT IS IMPORTANT to comment/object adhering to the above criteria and the council provided form follows that process. It is implied that you should use the WDC form or the response form available online. YOU ARE HOWEVER STILL PERMITTED to respond by writing to the Council's Development Policy Manager or you could choose to use this site specific form prepared for GT 02

Please set out full details of your objection or representation of support with reference to the criteria as outlined by the council.

- GP is 3miles away, school is full, no bus close to them. Have to walk across main BUSY road. Dangerous.
- location at bottom of a valley. It will flood.
- Not safe! Surrounded by very busy main road. No footpaths. Likely to be accidents involving cars.
- Fosse way is a Roman Road. - Historic forest - Destroying natural habitats - Important natural feature.
- ~~Harmful to habitats~~ Bottom of valley. Therefore all the four roads, you will be able to see the site. Therefore harming character of area.
- Pressure on infrastructure. schools to hold growing ~~pressur~~ population. New Bus centre then Doctors too hold more patients.
- * Dangerous location for Travellers. surrounded by main roads. fast moving traffic. Putting children in danger to live so close to main road.

Warwick District Council will judge proposed sites against the nationally accepted criteria. The purpose of the criteria is to seek to meet the requirements of the Gypsy and Travellers community not necessarily local residents, businesses and employment.

Areas of concern could include:

- Agriculture • Animal Welfare • Co-existence • Crime • Ecology and Habitat • Education/Schools • Healthcare/Surgeries • Highways and Safety • Local Economy • Rural Landscape • Services and Utilities • Tourism • Traffic Density/Flow • Urbanisation.

to the proposals on the following grounds -

- Warwickshire Exhibition Centre will have to close leading to a loss of £2 million into the local economy. Also loss of 10 jobs. Exhibition Centre is becoming a more well known business with a large growth of business in the last ten years. Affecting aggregate demand.
- Doctor Surgery is full with patients. Has no room to accept so many more households. Also has no direct Bus route and is 5 miles away. Too far to walk.
- Surrounding roads is a high risk route with 12 serious accidents in the last 3 years. This location is putting children in danger of the fast flowing traffic. Bus stop isn't clear and dangerous to get to with no pavements. Leaving people with no choice but to park on the road.
- Its historical. Site on Archaeological Register with Ancient Pottery recently found and land is Historic Town Site from Medieval time.
- Damage to wildlife habitat, site is close to woodlands. Also site can be seen from all roads down to roundabout. therefore visual impacted.
