Criteria by which Gypsy and Traveller's sites will be judged for suitability and sustainability by Warwick District Council:

- Convenient access to a GP surgery, school and public transport;
- Avoiding areas with a high risk of flooding;
- Safe access to the road network and provision for parking, turning and servicing on site;
- Provision of utilities (running water, toilet facilities waste disposal etc);
- Avoiding areas where there could be an adverse impact on important features of the natural and historic environment; and,
- Sites which can be integrated into the landscape without harming the character of the area.
- Promotes peaceful and integrated co-existence between the site and the local community;
- Avoids placing undue pressure on local infrastructure and services;
- Reflects the extent to which traditional lifestyles (whereby some travellers live and work from the same location thereby omitting many travel to work journeys) can contribute to sustainability.

IT IS IMPORTANT to comment/object adhering to the above criteria and the council provided form follows that process. It is implied that you should use the WDC form or the response form available online. YOU ARE HOWEVER STILL PERMITTED to respond by writing to the Council's Development Policy Manager or you could choose to use this site specific form prepared for GT 02

Please set out full details of your objection or representation of support with reference to the criteria as outlined by the council.

I strongly object to the siting of a travellers site at GT02 Warwick Exhibition Centre. I have attended exhibitions on a number of occasions and it is a great venue which brings in custom from all over the county and could not co-exist with a travellers site and that would have a detrimental effect on local businesses - b&b's & pubs etc.

Also the Fosse is a dangerous road - confirmed by the warning signs of the highway. The bus stop is also dangerous to access as there is no footpath.

There would be visual impact as the site is in a hollow overlooked from all sides. Sites for Gypsy & Travellers do NOT look like the pretty pictures in the Local Plan

Warwick District Council will judge proposed sites against the nationally accepted criteria. The purpose of the criteria is to seek to meet the requirements of the Gypsy and Travellers community not necessarily local residents, businesses and employment.

Areas of concern could include:

• Agriculture • Animal Welfare • Co-existence • Crime • Ecology and Habitat • Education/Schools • Healthcare/ Surgeries • Highways and Safety • Local Economy • Rural Landscape • Services and Utilities • Tourism • Traffic Density/ Flow • Urbanisation.

to the proposals on the following grounds -

I object on the grounds of Highways & Safety as the Fosse is a dangerous road and walking & cycling are very hazardous
Local Economy would be damaged in the exhibition centre had to close
Health care / surgeries locally are full & the nearest with vacancies would be 3 miles

Please continue on a separate sheet if necessary
