If you are commenting on multiple sites you will need to complete a separate sheet for each representation

Sheet  of

The policy in the Draft Local Plan will list the criteria by which Gypsy and Traveller sites will be judged for suitability and sustainability. These are the criteria:

- (a) - Convenient access to a GP surgery, school and public transport;
- (b) - Avoiding areas with a high risk of flooding;
- (c) - Safe access to the road network and provision for parking, turning and servicing on site;
- (d) - Avoiding areas where there is the potential for noise and other disturbance;
- (e) - Provision of utilities (running water, toilet facilities, waste disposal, etc);
- (f) - Avoiding areas where there could be adverse impact on important features of the natural and historic environment; and,
- (g) - Sites which can be integrated into the landscape without harming the character of the area.
- (h) - Promotes peaceful and integrated co-existence between the site and the local community;
- (i) - Avoids placing undue pressure on local infrastructure and services;
- (j) - Reflects the extent to which traditional lifestyles (whereby some travellers live and work from the same location thereby omitting many travel to work journeys) can contribute to sustainability.

Please give your views about site suitability below with reference to this list of criteria.

Which site are you responding to?

Please set out full details of your objection or representation of support with reference to the criteria above.

PLEASE NOTE!: PRINT IS TOO SMALL TO READ CLEARLY ON MAPS.

\* I have selected this site as it seems to be near the housing development area that affects me the most ie. South of Warwick & Whitnash.

① I object to this proposal because there is insufficient detail of how this site will be monitored and paid for.

② Will T & G's be required to contribute?

## Part B - Commenting on the Gypsy and Traveller Site Options

If you are commenting on multiple sites you will need to complete a separate sheet for each representation

Sheet  of .

~~Do you have any other suggestions for land within this district that you think would be suitable for use as a Gypsy and Traveller site, bearing in mind the criteria for site identification? If so, please give the location and the land owner's details below:~~

- ③ (h) is of particular concern at this and any of the sites because of the history of flagrant violations of planning procedures by T & G's in the past.
- ④ you appear to expect a measure of bad feeling between the communities but have not offered any suggestions on how to overcome this.
- ⑤ Why does 25 pitches have to be constructed within the first 5 years of the plan?
- ⑥ The photographs shown in the Local Plan are an insult to the intelligence of local people. Do you seriously think that the sites will have rows of immaculate caravans neatly parked on pristine grass?
- ⑦ (j) What type of employment will be allowed to occur if some T & G's do not travel to and from a work place?
- ⑧ Will T & G's be asked to observe sensible rules whilst staying on site or will they be left alone by "frightened officials".

Until you are able to provide more detail about the day to day running of these sites, I have to remain an objector to these plans.
