The policy in the Draft Local Plan will list the criteria by which Gypsy and Traveller sites will be judged for suitability and sustainability. These are the criteria:

- ☒ - Convenient access to a GP surgery, school and public transport;
- ☐ - Avoiding areas with a high risk of flooding;
- ☒ - Safe access to the road network and provision for parking, turning and servicing on site;
- ☒ - Avoiding areas where there is the potential for noise and other disturbance;
- ☒ - Provision of utilities (running water, toilet facilities, waste disposal, etc);
- ☐ - Avoiding areas where there could be adverse impact on important features of the natural and historic environment; and,
- ☒ - Sites which can be integrated into the landscape without harming the character of the area.
- ☒ - Promotes peaceful and integrated co-existence between the site and the local community;
- ☒ - Avoids placing undue pressure on local infrastructure and services;
- ☐ - Reflects the extent to which traditional lifestyles (whereby some travellers live and work from the same location thereby omitting many travel to work journeys) can contribute to sustainability.
