Dear Sir,

Regarding the proposed Gypsy and Traveller sites, why so many?

I do think the W.D.C. is being unreasonable to have so many sites within the catchment area of our school let alone any other considerations.

I also think the W.D.C. should have full control of these sites, and if they have difficulty managing them under the present laws it is up to them to have the laws changed. There is no excuse for Gypsies or Travellers to be outside the law of this land.

The reason the majority of the population do not want these people near them is because they are allowed to operate under their own rules and get away with it.

It is high time local and national government took a grip of these people.

Yours faithfully,

WDC PLANNING
