I do not believe there is any easy access to either school or GP surgeries. There are no pavements to walk on to get you to the nearest bus stop, which is just on the grass verge. The road is notorious for accidents with many signs warning of danger and is not at all suitable for pedestrians. The road network is not suitable for parking or turning. The site could not be integrated into the landscape and would be eye sore to everyone. It would impact hugely on the Business that owns the ground and in turn affect other local businesses in the surrounding area. It would also affect wildlife

to the proposals on the following grounds -

1. Closure of the Exhibition Centre which means loss of jobs ~~and~~ and would also affect tourism in the area
2. No pavements on local shops.
3. It would affect traffic flow coming up to a very busy roundabout on an extremely busy and dangerous road. Fosse Way is of Historic interest and the rural landscape would be blighted
4. There is no easy access to schools, shops or healthcare.
