Please set out full details of your objection or representation of support with reference to the criteria as outlined by the council.

Local services such as schools will not be able to take on extra pupils, priority should be given to local residents families and looking ahead to improving their facilities.
Doctors Surgery will not have the placements for extra patients or the funding.
The local area benefits at times from an influx of tourists and a site would greatly impact on this, visually as well as practically.
The road is obviously an extremely busy one with no pedestrian right of way, the site would cause possible accidents for their access.
