Criteria District

- Convenient access to a GP surgery, school and public transport;
- Avoiding areas with a high risk of flooding;
- Safe access to the road network and provision for parking, turning and servicing on site;
- Provision of utilities (running water, toilet facilities waste disposal etc);
- Avoiding areas where there could be an adverse impact on important features of the natural and historic environment; and,
- Sites which can be integrated into the landscape without harming the character of the area.
- Promotes peaceful and integrated co-existence between the site and the local community;
- Avoids placing undue pressure on local infrastructure and services;
- Reflects the extent to which traditional lifestyles (whereby some travellers live and work from the same location thereby omitting many travel to work journeys) can contribute to sustainability.

IT IS IMPORTANT to comment/object adhering to the above criteria and the council provided form follows that process. It is implied that you should use the WDC form or the response form available online. YOU ARE HOWEVER STILL PERMITTED to respond by writing to the Council's Development Policy Manager or you could choose to use this site specific form prepared for GT 02

OBJECT  (Please delete as required.)

Please set out full details of your objection or representation of support with reference to the criteria as outlined by the council.

This proposed site has no convenient access to a doctor's unless you can drive, it has no convenient access to any schools or colleges unless you drive, it has no convenient access to any shops or amenities unless you drive as there are no regular buses, no trains and walking would be highly dangerous as the FOSSEWAY is not only an extremely busy road but there is also no pavement's. My children are 25+20 and I would not let them even now walk along the fosseway as to do so would be in the road, and there are already enough accidents on the FOSSEWAY. Our son had to move into Leamington due to no regular transport and he could not afford to run his own car to get to work, I have had to always drive them to school Doctor's Dentist College etc. also as the site is at the bottom of 3 Hills

it will be highly visible and will not integrate into the landscape

Warwick District Council will judge proposed sites against the nationally accepted criteria. The purpose of the criteria is to seek to meet the requirements of the Gypsy and Travellers community not necessarily local residents, businesses and employment.

Areas of concern could include:

• Agriculture • Animal Welfare • Co-existence • Crime • Ecology and Habitat • Education/Schools • Healthcare/ Surgeries • Highways and Safety • Local Economy • Rural Landscape • Services and Utilities • Tourism • Traffic Density/ Flow • Urbanisation.

OBJECT

(Please delete as required.)

to the proposals on the following grounds -

That the Usual Impact across the Valley will be ruined and no hedges however high can obscure the Site. It will seriously impact on the rural local Economy & Tourism as the Warwickshire Exhibition Site which has already lost business due to the proposal will have to Close putting 40 Jobs at risk also the exhibitions bring in Tourism for B&B Hotels in the local area. Animal Welfare & habitat will be damaged there is nearby a Protected Ancient Wood with Bats & Mudjack deer just recently Red Kites have been spotted. There are no regular buses and the Traffic Density is already high and extremely dangerous! The Fosseway is on the Archaeological Register with Ancient Pottery recently found as the Fosseway is an Ancient Roman Road.
