There is a possibility that the HSL railway might be going through locally. The extra construction traffic on the local roads, the Fosse included, will not be helped by a travellers' camp down there.

Also honey buzzards nest in the nearby woods. I do not think that it is a good idea to have people living near there in large numbers,

to the proposals on the following grounds -

I object to the closing of the Warwickshire Exhibition Centre. It contributes to the local economy. I can vouch for that myself. My local pub, The White Lion in Roadford Senele, is usually busier if ever there is an event on there.

Also what message is this giving to the local business community? Someone has put in a lot of hard work setting up & running the W.E.C. Just to have it closed down through no fault of their own. It is not going to give a very good view of the Council to the business community: business success is repaid by being closed down. Not a good way to encourage outside investment.

Also I need to use that stretch of the Fore. A dangerous bit of road: especially with livestock & young children ^{and}
