I support the chosen site, but not in its present form. I fail to see how using part of the allotment gardens is necessary. This is a well used amenity. Relocation will be a disaster for the keen gardeners who have used this allotment for many years. They have established a productive and rewarding allotment.

Area 2 which has been taken from the green belt already could very well be extended to the field boundary thus reducing the area taken up taken from the allotment gardeners in Area 1.

It is hoped also that the housing provided in these areas are for affordable homes in the majority.
