I wish to express the strongest objection to the proposed speculative development as being totally incongruous to the vicinity & intensively undesirable to the local residents.

The notion that as many as 10 houses could be built in this field as used for sheep-grazing & pasture is utterly absurd, putting excessive pressure on local facilities especially water drainage and sewage disposal. It needs to be understood that in recent years extensive flooding has occurred on the Road & pavement approaching the farms and that there would be drastic problems regarding both access & traffic increase.

It should also be of paramount importance that this misgoverned nation does not continue to destroy more and more of its agrarian land since it has now become entirely dependent on food imports for at least 14 weeks of each year.

According to the National Farmers Union,
The proposal should therefore be
totally refused as in the past, especially
since it would erode the green belt
concept still further.

There are, furthermore, potential
usages in connection with a house situated
in New House Farm which has been
uninhabited for years and in ancillary
disused buildings as a potential
alternative.

I am, incidentally, a cousin of
the late Queen Mother and can
claim descent from Lady Margaret
Tudor, thrice-married elder sister
of Henry VIII.
