What is the nature of your representation?

Support

Object

Please set out full details of your representation of support or objection. If objecting, please set out what changes could be made to resolve your objection (Use a separate sheet if necessary).

We moved to Redford Senele 16 yrs ago because it was a small village with a school in walking distance and nearby to shops and it has a good bus service. Both of my children attended the local school they are now at Northampton School which I have to drive to daily, I object to building new homes in the village because of the increased amount of traffic on the road, over the years we have had bad floods on the main roads and also snow, ~~having many~~ ~~off~~, when this happens the village has limited access <sup>in and out</sup> to get my children to school, the traffic is already bad at peak times <sup>sometimes</sup> backing up from the lights ~~parking up~~ <sup>all the way</sup> to ~~School Road~~ <sup>Lewis</sup>. Also the school has a lot of traffic issues with parking to drop off at a premium. Since my children left it has got alot worse and getting in and out of school lane is impossible in the mornings so the site opposite the church is a stupid idea. We do not want to end up like Whitwash.

For Official Use Only
