I fully support the current Kingswood village plan and housing options. You were correct to remove sites 8 and 9 from the list of preferred options. Site 9 (Station Lane Opposite Gowen Bank) is beautiful, productive Green Belt land. Without these pockets of Green Belt land etching into a predominantly linear village you would destroy the rural setting. There is a tremendous amount of wildlife in these fields. Looking towards or from the village these Green Belt areas are crucial to the visual impact. Site 9 is bordered by mature oak trees that rightly have a tree preservation order. There is already a flooding issue in these fields. Please do not develop houses near the road as the problem in the adjacent areas will worsen.
