Comment

Please set out full details of your objection or representation of support with reference to the criteria above.

Both of these sites are contrary to the government's policies of inclusion. Barford by-pass will effectively exclude the Travelling community by them difficult to access and isolated. The by-pass is an extremely busy road with growing levels of pollution. From a health & safety perspective not good sites. Concerns exist about the 'knock on' effect on an already popular and over full school. Where will money be found for extra traveller children? They very often need extra support brought on by the very nature of their peripatetic lifestyle.

If you have objected to a Preferred Option site, is there another site (green or amber) from the Alternative Sites that you would support instead? Give your reasons for preferring this site?

GTO2 + Gtalt01 seem to offer the most sensible alternative + fit most of the criteria

Do you have any other suggestions for land within this district that you think would be suitable for use as a Gypsy and Traveller site, bearing in mind the criteria for site identification? If so, please give the location and the land owner's details below:
