The policy in the Draft Local Plan will list the criteria by which Gypsy and Traveller sites will be judged for suitability and sustainability. These are the criteria:

- Impact on the green belt
- Impact on Landscape character
- Impact on heritage assets and the settings of heritage assets
- Impact on designated areas of nature conservation Flooding issues
- Ability of infrastructure requirements to be adequately met
- Impact on ecology
- Impact of land contamination, noise and other disturbance
- Agricultural land quality
- Impact on visual amenity including the visibility and character of the site and surrounding area
- The potential for the site to be adequately screened
- Access to the road network
- Distance to GP surgeries, schools, dentists, hospitals, shops and community facilities
- Proximity to other residential properties
- Potential for the proposal to utilise previously developed land
- Safe access to and from the site for vehicles and pedestrians
- Site topography
- Suitable size
- Availability of the site (including impact on the existing uses on the site)
- Deliverability of the site and associated infrastructure requirements

I believe that having a Gypsy site on this land will have a negative impact on landscape character. I understand that there is a chicken farm nearby which can create a terrible smell when being cleaned out, could this be a potential health hazard to a site nearby. Local doctors surgeries, schools, etc are already over-subscribed and with other developments about to be built will be unable to cope. It is 27 years since the Football Club was desperately seeking an alternative site, even applying for permission for one in Gal Plane (topend) which was obviously unsuitable because of access alone & other reasons. I am surprised that they would consider another move as they could not find anywhere else suitable, especially nearer to town so how after all these years of further development in Whitnash & 4/Sps could they find one now.
