Part B - Commenting on the Gypsy and Traveller Preferred Sites

If you are commenting on multiple sites you will need to complete a separate sheet for each representation

Sheet 1 of 3

The policy in the Draft Local Plan will list the criteria by which Gypsy and Traveller sites will be judged for suitability and sustainability. These are the criteria:

- Impact on the green belt
- Impact on Landscape character
- Impact on heritage assets and the settings of heritage assets
- Impact on designated areas of nature conservation Flooding issues
- Ability of infrastructure requirements to be adequately met
- Impact on ecology
- Impact of land contamination, noise and other disturbance
- Agricultural land quality
- Impact on visual amenity including the visibility and character of the site and surrounding area
- The potential for the site to be adequately screened
- Access to the road network
- Distance to GP surgeries, schools, dentists, hospitals, shops and community facilities
- Proximity to other residential properties
- Potential for the proposal to utilise previously developed land
- Safe access to and from the site for vehicles and pedestrians
- Site topography
- Suitable size
- Availability of the site (including impact on the existing uses on the site)
- Deliverability of the site and associated infrastructure requirements

Please give your views about site suitability below with reference to this list of criteria.

Which site are you responding to? GT12
 (e.g. GT04 Land at Harbury Lane/Fosse Way)

What is the nature of your representation? Support Object Comment

Please set out full details of your objection or representation of support with reference to the criteria above.

- The site will have an adverse impact on the character of the village as well as surrounding landscape. The site cannot adequately be screened.

- The bypass next to it is a very busy and fast road and is not safe to cross a lot of the time.

- Whilst not in the Green Belt, the area should be left as a rural setting for the village, otherwise it will destroy some of our precious landscape once and for all time.

- It is also unfair that all the preferred sites are located in the south of the District, especially when most of the new housing will also be in this area.

Comment

Please set out full details of your objection or representation of support with reference to the criteria above.

- The site will have an adverse impact on the character of the village and cannot be adequately screened from housing opposite. The bypass is a very busy and fast road and dangerous to cross.
- It is very close to the river and could cause contamination.
- It is also very close to the riverside walk which was created by some of the villagers and is maintained by them. It contains fruit trees as well as ornamental ones. Its character would be spoilt forever by the proposed site.

Part B - Commenting on the Gypsy and Traveller Preferred Sites

If you are commenting on multiple sites you will need to complete a separate sheet for each representation

Sheet 3 of 3

If you have objected to a Preferred Option site, is there another site (green or amber) from the Alternative Sites that you would support instead? Give your reasons for preferring this site?

- GT alt 01 would be a better option than GT12. It is slightly larger and is already laid out as a caravan site with a road leading to it. It would also be in a better position when new schools and facilities put in place when the new housing is put in place as part of the local plan.
- Suggest you look at a few more locations in the North of the district rather than placing the burden on the South.

Do you have any other suggestions for land within this district that you think would be suitable for use as a Gypsy and Traveller site, bearing in mind the criteria for site identification? If so, please give the location and the land owner's details below:

I don't know enough to comment on other areas except to say that the sites should be located where they do not have a detrimental effect on any small developments nearby; ie, hamlets, farms and villages.
