Re the preferred Option
sites, Any alternative sites

There is no need for
any "sites" at all.

I am a member of
"KENILWORTH FOOTPATH PRESERVATION GROUP"
of my wife is a supporter.

Take the encampment at
Beausale (now being disbanded). In
the vicinity of the Beausale site
there have been metal kissing
gates stolen (on the footpath between
Echo Meadow to Beausale village)
and the dumping of cans & other
garbage; all the aforementioned
since the site at Beausale.

friends of mine who
live at Barnacle near Bulkington (WARR
KS)
have a site nearby. More litter
garbage & dumping inc. defunct
washing machines & old mattresses
left in the middle of narrow country
lanes. No sites please! sincerely.
